

THE CLUB

Founded around 1952, Yorkshire Waterski Club is the now the oldest affiliated club in the UK. Yorkshire Waterski Club is part of Welton Water Sports Club. This also includes Welton Sailing Club, although membership is handled separately and the two operate as sections.

GROUNDS

The club's facilities are situated about 1.5 miles south of the A63. From the A63 take the Welton, Brough and Elloughton junction. The follow the road sign for Welton Waters. This will bring you onto Common Lane. The club house is situated at the bottom of Common Lane. A map and directions are available on our website.

The lake, which is a flooded clay pit has an area of some 80 acres. The modern purpose built clubhouse was completed in 1996 and has separate shower and toilet facilities, including access for the disabled. There is ample car parking space available.

WAKE BOARDING, WATER SKIING, WAKE SURFING & WAKE SKATING

The main season runs from March to October, weather permitting. You are able to ride every day, except for Thursdays, which is dedicated to the Sailing Club. We have a MasterCraft X1 boat, which is available for club members and their guests. No other power boats are allowed on the water. The boat can only be driven by qualified club members, a list of which is posted in the clubhouse and available upon request. Guests can only be taken out by a qualified instructor.

Members can become boat drivers in much the same way as car drivers, by taking instruction and driving whilst accompanied by an experience driver, before taking an BWSW SBA Assessment.

The club caters for all abilities of wakeboarding and skiing competence and there are always coaches available to teach beginners up to tournament standards. Club equipment:- wetsuits, skis, wakeboards, buoyancy aids, are available free of charge so that newcomers have no capital outlay until they decide that they wish to take things more seriously. We have a training boom that attaches to the side of the boat, which virtually guarantees that you will ski on your very first visit.

GENERAL

Members of the club are expected to help at working parties which take place at the beginning and end of each season. Specific expertise in any field is particularly appreciated. Working parties are organised to keep the compound tidy and to provide labour for essential maintenance work.

Dogs are not allowed inside the club compound but may be kept in or tied to the members' car. Swimming in the lake is not permitted.
